Principal’s Message

A week and a half to go until the term 3 break. It feels as if the year has sped up and we will be at the end of another school year before we know it. Being busy individuals, it is important to plan, schedule, set goals and targets and follow a routine so that we can keep on top everything. This is the same for students. Students excel when they are given clear targets and goals to reach. In term 4 students goals for Reading, Spelling and Numeracy will be transparent for the students and their families. As our School motto says “Strive to Succeed”.

The Trail Bike ride fundraiser for the school is just around the corner. A big thank you for the countless hours Russell and the P&C have put into organising it. There is still a lot of work to be done in the lead up so if you can help out in any capacity, please let us know.

Kyle Low

Student of the Week

Congratulations to Jarred Anderson. Jarred did exceptionally well with his Maths exam after putting in a lot of effort throughout his measurement unit. Well done Jarred, we are very proud of you.

Project Club News

Last Friday the schools Project Club met. Joshua and Bryar did a great job of leading the meeting and working with the other students to come up with some ideas on upgrades and maintenance of our Boat playground. The student’s ideas will be presented at the next P & C meeting on Monday 16th September.

Karara Trail Bike Ride meeting – Wednesday 11th September

The Karara Trail Bike Ride is only 3 weeks away. There is a meeting on Wednesday 11th September, 7:00pm, Gore Roadhouse. Many hands are needed throughout the weekend so if you are able to lend a hand please contact the school direct (email or phone) or P&C President Russell Whear.
**AROUND THE SCHOOL**

**Year 1**

Moving up the track! Well done to the Year 1 students who are being rewarded with several moves up the track for good work, behaviour and being ready for lessons. Students have been looking at Australian money and visiting Mrs Smith in her fruit shop.

**Year 3 - 7**

Well done to Jarred for achieving a high result in his recent Measurement exam. Jarred has shown that hard effort during lessons is rewarded with a good result! Bryar has some great designs for her balloon powered racer for Science. She is designing 4 and will ensure fair testing to measure the results. Lachie and Josh’s analysis of the poem ‘Uluru’ will be finished this week.

**Leyburn and District Historical Society**

The next meeting of the Leyburn and District Historical Society will be held on Saturday, 28th September, in the QCWA Hall, starting at 1.30pm. The main topic for discussion will be centred around applications for grants to enable the Society to put in place plaques marking significant historical sites both within Leyburn and in the surrounding district. We believe it is very important that these sites be marked, especially where buildings no longer exist. Input from the community is welcome. Other items for discussion will include a review of our display at the recent Motor Sprints event, and the plan to produce a document setting out the history of the families of Leyburn. Afternoon tea will follow the meeting.
