Our school strategies are on track to meet or exceed our targets

During 2015, we have focused on maximising the benefits of this funding for our students. After reviewing our *Great Results Guarantee* agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our strategies to ensure that every student succeeds.

Strategies implemented include:

- Monitor student reading performance monthly to identify achievement level, determine future learning needs and inform the teaching process using PAT, TORCH and M100.
- Provide focused and intensive teaching for students requiring additional support to demonstrate achievement against the year-level achievement standards.
- Engage a Speech Pathologist to assist students at risk of not meeting National Minimum Standards.

2015 Funding Goals:

- ✓ Increase percentage of students in Prep – 3 meeting National Minimum Standards in Reading to 100% by 2016 through targeted reading intervention. (100% of year 3 students achieved above National Minimum Standard).
- ✓ Develop Evidence Based Plans for students at risk of not reaching National Minimum Standards and review current Individual Learning Plans.
- ✓ Support Early Years students with needs in Speech and Language (Speech and Language Pathologist worked 1 day a fortnight on targeted speech intervention and Professional Development with staff).
- ✓ Strengthen teacher capabilities around Early Literacy Skills through targeted Professional Development. (Professional Development activities around Early Years Writing, Phonics and Supporting students with need).
